What is the culture of the space in terms of people attending while intoxicated or using substances, or to using on-site? E.g. are people welcome? vilified? How?				NO	
How do the venue/ event/ organizers speak about alcohol/ drug use?				NO	
Important Note: RAMP views drug & alcohol use in spaces to be an access issue, <i>but not only for sober folks</i> . If your space/event vilifies or otherwise demonizes alcohol or drug consumption/ use, RAMP believes you're not creating an accessible space. Sober space != accessible. It's not that simple. People use & don't-use for many reasons, and any space/ event which vilifies people based on assumptions around what that use or not-use means & how it must manifest, is not accessible. There are times when a sober or not-sober space is the central point or necessary part of an event/gathering; and there are ways to have those spaces without treating each other like we're enemies. As a sober person, i feel strongly about this way of approaching alcohol and drug use / not-use / occasional-use in auditing spaces for access; it's central to auditing access without employing moralistic frameworks which already shut out too many people.
