ADDITIONAL INFORMATION:			
Please include any drawings of the layout and additional information which may not be included in the points above. Also, if it is appropriate, take photographs of the space, especially the washrooms, to post along with the audit and/or assist it remembering the layout more clearly and augment any drawing. If there are questions/ unknowns, make note of those here, and any followup you'd like to do. As well, consider noting any other access points people bring up in the space, and see how you might incorporate them into this and future audits.			

If there are multiple rooms to be audited in one space, you can split the "comments" sections into columns, or repeat specific categories by cutting and pasting them.
